## PROFILE

Motivated and detail-oriented final-year B.E. Computer Science student with strong technical and problem-solving skills. Willing to start a Carrier as a Full Stack Developer with a solid understanding of front-end and back-end technologies, database management, and API integration. Passionate about building efficient, scalable, and user-focused web applications.

## PROJECTS

**Portfolio Website (HTML, CSS, JavaScript):** Designed and developed a **personal portfolio website** to showcase projects, skills, and achievements. Implemented responsive design and smooth navigation for an engaging user experience across all devices.

**Quiz App (JavaScript):** Built an interactive quiz application using **HTML, CSS, and JavaScript** that allows users to answer multiple-choice questions and view their scores instantly. Implemented dynamic question and responsive design for an engaging user experience.

**Weather App (React):** Developed a real-time **weather application** using **React** and **Tommorow.oi API** to display current weather conditions and forecasts. Implemented responsive UI and API integration for accurate, location-based updates.

**Airport Management System (MY SQL):** Designed a relational database for an Airport Management System to demonstrate advanced SQL proficiency, utilizing normalized schemas and complex Joins for data retrieval. Implemented robust backend logic using Stored Procedures, Cursors, and Triggers to automate booking workflows and ensure data integrity.

**Spectacle:** Built a full-stack 'Spectacle' e-commerce solution leveraging **Spring Boot** for robust architecture and **JavaScript** for interactive frontend logic. Delivered core features including category-based product filtering, a persistent shopping cart, and form validation, wrapped in a fully responsive design optimized for user engagement.

## SKILLS

- Programming Languages: Java.
- Web Technologies: HTML5, CSS, JavaScript.
- Database Management: MySQL.
- Tools: VS Code, NetBeans, Dev C++, MySQL Workbench, GitHub Library, Framework: React.js, Bootstrap

## COURSES

**Java Full Stack Web Development, I. T. VEDANT**

July–ongoing

## EDUCATION

**Bachelor of Engineering in Computer Science | University of Mumbai, Dilipak College of Engineering and Management Studies**

Ongoing

**Higher Secondary Certificate | Maharashtra State Board, New English High School & JR College.**

Second Class

**Secondary School Certificate | Maharashtra State Board, New English High School & JR College.**

First Class

## CERTIFICATES

---

- Web Development Essentials
- JavaScript Essentials
- React Essentials
- SQL MASTERING
- Git & GitHub Certificate
